Rugs 101— Using Beautiful Rugs for Sustainable Design

"I have the utmost respect for Dayle's extremely professional manner, her attention to detail, and her talent to consistently present in a logical and easily understandable manner. Her extremely well researched topics are at all times presented with exceptional visuals as well as examples of practical application. Dayle Laing is a dynamic speaker and I look forward to attending her future speaking engagements."

Dorothy Jane Connolly
Mississauga, ON

Learn straightforward information on rugs that are best for the home and best for the environment so you can really understand the supplier product knowledge presentations. Dayle shares her 20 years experience practicing and teaching design and her passion & research for the sustainable side of rugs in this exciting Rugs 101 professional development seminar.
